GREENWOOD UNITED CHURCH ANNUAL MEETING

February 18, 2018

Mary Hinan-Grose welcomed us to the Greenwood United Church Annual Meeting, calling for a motion to elect a chair and recording secretary. Mary made the motion that Brian Nichols be chairperson and Paulette Nichols recording secretary for this meeting. This motion was seconded by Joyce Fee and carried.

The Agenda for the meeting was distributed. Shirley Lannen moved acceptance of the Agenda as printed, seconded by Gary Lounsbury and carried. David Reeve moved the acceptance of the minutes of Feb. 26, 2017, seconded by Gary Madden, and carried.

Business Arising: There was no business arising.

Brian Nichols called upon Gary Lounsbury to make a presentation to Art and Carol Hopkinson recognizing their 15 years providing custodial service at Donwood and Greenwood. Thanks and appreciation was extended for this important contribution to the congregation.

Presentation of Reports

The reports as printed on pages 5 through 15 will be presented and approved in one motion. Each report was presented, the Chair asked if there were any questions following each report, and if so, discussion followed.

* Allan Smith-Reeve highlighted the Minister's report, noting that he misses experiencing the Team-led worship services.

* Pat Lounsbury spoke to the Session report. Brian Nichols noted the Congregational Statistics for 2017.

* Mary Hinan-Grose presented the Ministry and Personnel report as printed.

* The Trustees report was also presented by Mary. Although market values have fallen $20,000 over the past month, the funds are still higher than they were in January, 2017. Ruth Benson noted that the date "Dec. 31, 2016" should be changed to "December 31, 2017".

* Ken Minion addressed the Stewards' report, thanking the members of this committee for their support. He particularly thanked Ruth and Don Benson

for their assistance re-setting the furnace recently when the thermostat batteries were no longer working. The suggestion was made that batteries for the thermostats should always be readily available at the church.

* In presenting the UCW report, Mary Hinan-Grose noted that although numbers in attendance are small, the group is "alive" and meeting regularly. Monies collected for birthdays and celebrations go towards cards for the Sunshine Fund.

* The Presbytery Report was addressed by Dawn Cox who highlighted that this was a year of remits, initiating a time of change for all Presbyteries.

* Ruth Benson and Bonnie Jull presented the Bedford House report, on behalf of Mary Gordon, and as Greenwood members of the Project Management Team. The support from Greenwood United Church have aided the Bridging out of Poverty Team at Bedford House. A second Bridging Team has already begun, with the possibility for a third team. Community development is an intrinsic part of the mission at Bedford House. More work is underway for the Reconciliation Project, reaching out with the Indigenous community. Members of the Greenwood congregation should be proud of being part of this Bedford House initiative.

* In Marion Griffin and Susie Bunting's absence, Mary H-G addressed the Music report, saying that new members are always welcome. The music ministry at Greenwood is greatly appreciated.

* Ruth Benson presented the Green Team report as written.

The reports, with the amendment to the Trustees' report, were then moved for acceptance by Gary Lounsbury, seconded by Carol Hopkinson, and carried.

Financial Reports:

Ruth Benson addressed the Greenwood United Church Financial Reports . The Memorial Committee was disbanded at the Annual meeting 2017, and this account now falls under the jurisdiction of the Trustees. Because we have been paying extra bank charges on the Zimbabwe account, Ruth recommended closing this account, and folding it into the General account. The Zimbabwe funds will appear as a separate line under the General account. Brian noted that changes to Zimbabwe currency are impacting American currency in Zimbabwe. Huge thanks were extended to Ruth for her ongoing commitment to oversee the financial operation of Greenwood. Brian asked if

there were any further questions. With no further questions, Ruth moved acceptance of this report, seconded by Roger Clapperton and carried.

Nomination Report: Mary Hinan-Grose presented the Nomination report, with the addition of Bonnie Jull as a Session member for three years, and Anne Wilson as a member of the Nominating committee for three years. Under the Stewards, Roger Clapperton will be on the committee for three years, and Emil Varga will be a member for two years. Mary asked for a volunteer for one year on the Stewards, and Barb Johnson agreed to sit on this committee for one year. Ruth Benson asked that the Treasurer be added under the committees, and it was decided that this position would be added to the list of annual appointments. Mary moved acceptance of the amended report, adding the names as outlined above. This motion was seconded by Ruth Benson, and carried.

Thanks were extended to Susie Bunting for re-creating the Greenwood United Church Handbook. It was a huge undertaking, and provides an excellent resource for Greenwood. Copies have been distributed to committee members, and are also available at the back of the church.

New Business:

Sanctuary Garden Update - Ruth Benson, Pat Lounsbury and Brian Nichols addressed this project. The ball park will become a field of grass and flowers, with paths wandering through the space for people to enjoy. A large arbor is to be added, and a plant list will be posted so that people can donate plants, particularly pollinating plants native to this area. Some sort of seating also be placed in the garden. People will be invited to plant, pull weeds, and be a part of this garden, hopefully extending into the community. This is an "our" project. Green-up will no longer be involved with the bees, so Greenwood will now be fully in charge of the hives. to further discuss this project. Art suggested using some "box gardens" . This is an experiment in development so all ideas will be considered. Thanks were expressed to this committee for their initiative on this project.

In closing, Rev. Allan Reeve asked us to form a circle of unity around the room, giving thanks to each other for the contributions people make to this community of faith. Thanks were extended to Allan for his spiritual leadership.

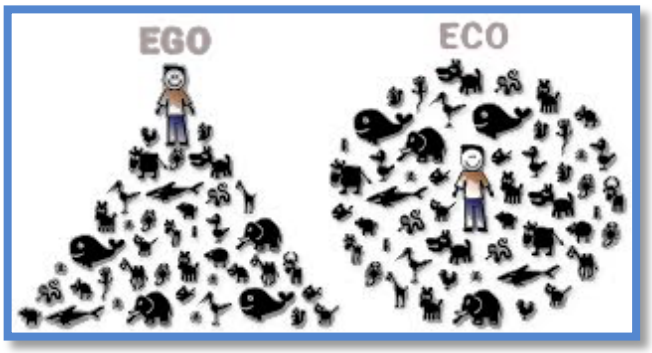
Art Hopkinson made a motion to adjourn.

Respectfully submitted, *Paulette Nichols*, Recording Secretary

From the Minister's Desk January 2019

As we continue to increase our environmental awareness, we come across so many daunting facts. The decimation of eco-systems, and the loss of species on land, air, and water - all reveal the damage human greed and consumption have wrought.

Like Old Testament prophets we struggle to have a voice that is both a warning and an inspiration to hope. Deepening our faith in our Maker's ways shows us a path. The natural resilience and healing of the planet is profound. The endless cycle of life, death, and re-birth gives us a view beyond our own current needs - to the cry of the planet which is the same as the cry of the poor.



While Greenwood responds to the call of the earth, we also partner with Bedford House to respond to the cry of the poor. Both call us into the same mission of radical simplicity, thoughtful appreciation of our gifts, and a vulnerable sharing of who god made us to be.

In 2018, we walked all the way through the bible with Brian McClaren's "We Make this Road by Walking". This study guide offered weekly reflections and a path through scripture that tells of a growing, shifting, evolving, understanding of humanity's relationship with the divine. From a tribal perspective on "who's in control here anyway?", to international grasp of the conflicts between Empires and god's kingdom, to where we stand today - circling back, or perhaps spiraling forward - to the challenge of seeing all humanity as one tribal village sharing this small, green, planet with creatures great and small.

There's a buzz at Greenwood. All of the tiny, faith-full, efforts of our "hive" reverberate through city and county. As we walk our talk, cross-pollinating our ideas with neighbours, friends, and family – we align ourselves with what god's green spirit is doing to heal the planet.

Sunday mornings we share stories, share leadership, share in song and symbols that remind us who we are and whose we are.

Sunday afternoons we began monthly green potlucks as a way to get to know new friends and deepen our relations with old friends. Sharing food, we chew over new ideas, new challenges, and old solutions worth remembering.

In the summer, we drew the circle wide, and wider still, to welcome Fairview cousins into the sacred acts of story-telling, song, and communal sense-making.

We seek to simplify and reduce. As our United Church organization gets pruned back from four courts to three, we seek to discern "what really matters" as we learn to put our energy into the roots of what keeps us green.

Going into 2019, we hear the call to Reduce, Reduce, Reduce for god's sake. For the sake of the planet and our grandchildren's, grandchildren's, grandchildren.

With laughter, song, and food for thought and soul, we pursue god's perfect ways using our imperfections as the rule for the upside-down kin-dom of Jesus. We extend our divine imaginations beyond the limitations of old habits – into a world of possibilities – as diverse as our Creator's wondrous designs.

God's creation is our inspiration.

Your lives, your hopes, your honey-making purpose, inspires me.

Yours in service to life, love, and community,

Allan Smith-Reeve

GREENWOOD SESSION REPORT 2018

The Session is responsible for the spiritual leadership of the congregation including worship, education, pastoral care and outreach. Our committee members for 2018 were Joyce Fee, Peggy Gilbert, Bonnie Jull, Joan Moriarty, Paulette Nichols and Kathleen Whyte. We were guided and supported by Reverend Allen Smith-Reeve as well many other members of our congregation.

Some of this year's highlights were:

Worship Accomplishments:

- Supporting "The Healing Touch" as an ongoing part of our services
- Continued to support our three Worship Teams
- Completed the Greenwood United Church Policy: Sacrament of Baptism
- Preformed 2 Baptisms
- Assisted on a regular basis with sacraments on communion Sundays
- Introduced an alternative way of serving communion by the congregation serving each other
- Held 4 potluck "Green Theme" luncheons (hosting shared with Stewarts & UCW) with topics. i.e. environmental, bees, pollinating and welcoming new members
- Accepted as a member of "Bee City" and we're the first faith community in Canada to be accepted.
- Anniversary Service in June included the whole congregation participating in throwing "Seed Bombs" in our Sanctuary Garden. Which will eventually provide "Our Girls" (the bees) with their own personal pollinator habitat close to home. For the second year we were able to give the honey harvest to each family.
- Shared summer services with Fairview United Church
- Participated in a combined worship services at Lang Pioneer Village
- Celebrated the birth of Christ with a Christmas Eve Service

Pastoral Care and Outreach Accomplishments:

- Gloria Madden supported us by sending greeting cards to many individuals who were ill or who just needed a cheery note. She also sent Easter Cards to the Pastoral Care list of individuals. Original designed Christmas cards were created by Emil Varga & signed by church members. They were either hand delivered or sent to our shut-ins.
- Many homes and hospital visits as well as caring telephone calls have been made by our Pastoral Care Committee.
- Continue Supporting Kawartha Food Share

Music:

- We are grateful to Marion Griffin, our music director and to our choir. Their dedication, their range of music, and the joy they bring our congregation is a highlight each Sunday.

Roll Clerk:

Mary Hinan-Grose works behind the scenes assisting in ensuring that the registry of baptisms, marriages and burials, as well as the roll of members of the congregation and adherents, are properly maintained.

A big ***THANK YOU*** goes out to all individuals who have been part of our committee as well as those who supported us in any way! Your time, your effort, your commitment, your special talents – are appreciated! We couldn't carry out the role of Session without the support of so many people!
We are also approachable and would welcome any feedback at any time.

Submitted by *Peggy Gilbert*

GREENWOOD TRUSTEES

The trustees held two formal meetings as well as email collaborations this year as we did the work of oversight on our physical facility and made decisions on financial matters.

The trustees were particularly pleased to support the door project. We had received a donation from the estate of the late Eleanor Speight which had been credited to the Memorial account. This meant that funds were on hand for the door project.

Our funds are invested with Fiera Capital, the management company for the United Church of Canada Foundation.

Market value January 1, 2018	652,166
Market value December 31, 2018	641,089
Redemption this year $10,000.	

The trustees also make any necessary decisions re: our investments with Fiera Capital. The Official Board passed a motion to empower the Trustees to approve the redemption of funds as needed to cover ongoing operating expenses of the pastoral charge.

Roger Clapperton, Mary Hinan-Grose, Paulette Nichols, Emil Varga

GREENWOOD MINISTRY AND PERSONNEL COMMITTEE 2018

The M & P committee provides an oversight and supportive role for our church staff. This includes coverage when staff are absent and recommending appropriate compensation to the Official Board.

We are so fortunate to have the Worship teams to lead us when Allan is away and have access to other community worship leaders when required.

Marion Griffin and the choir are always delivering music that moves our soul.

Ken Minion keeps all the church systems in great shape.

Susan Bunting and Muriel Nicholls provide excellent secretarial support for all of us.

Rev Allan leads our worship in so many ways, including supporting all our committees as they do the work required to keep things running smoothly.

It takes teamwork for this church to survive and thrive.

Submitted by *Brian Nichols, Carol Hopkinson and Gary Lounsbury*

STEWARDS' REPORT 2018

We started New Year 2018 by cleaning inside the church upstairs and down. Springtime yard clean up included fixing the lawn where sod had been turned over by snowplow and tree branch removal from a winter storm, which included repairing our neighbour's fence on south side of parking lot. We installed a new rain barrel and downspout for watering flowers, shrubs and plants. Towards summer we had a pergola built on the north side of the lawn with a gravel base for walking. Railings at the front entrance and orange safety lines were repainted.

Downstairs we installed a new U.V. light and water filter in our water filtration system. As well we have a new water cooler and a new carbon monoxide detector in the kitchen.

We had a very successful Roast Beef dinner in the spring, and our Bees were also very productive, giving us tasty honey.

For the upstairs, we bought a new wireless head set for our sound system from Maar's Music. And a special thank you goes to Emil and Roger for our new automated glass front doors; they sure have brightened our front entrance.

In summary, I would like to thank everyone involved for your help in giving us a very successful year.

Respectfully submitted,

Ken Minion (chair)

on behalf of Stewards: *Susan Bunting, Ruth Benson* (treasurer*), Roger Clapperton, Barb Johnston, Bob McKinlay, & Emil Varga*

GREENWOOD UNITED CHURCH WOMEN

Members of our UCW attended many events this year, including the Presbyterial AGM at Lakefield, UCW Camp weekend at Quin-mo-lac, the Old Hay Bay Church pilgrimage, and the Fall Harvest gathering at Elim Lodge. Cards of celebration and sympathy were sent as required as well as cards to shut-ins at Easter and Christmas through our Sunshine Fund.

We enjoyed an interesting session with representatives from the New Canadian Centre in Peterborough – their goals and their work.

As usual we supported five local charities, plus the UCW Bursary Fund for Theological candidates, Camp Quin-mo-lac and the Mission and Service Fund of the United Church.

However our number of members has dwindled, making it difficult to provide attractive programing and raise funds for projects. After 56 years we voted at our November meeting to disband our UCW unit as of 31 December 2018.

Thank you, congregation of Donwood/Greenwood for your support through the years.

SANCTUARY GARDEN 2018

Many achievements have taken place in our Sanctuary Garden during 2018.

For our first year, our small group decided to concentrate on the "bones" which were:

1) Allowing the grass to become a more "natural" environment which would encourage pollinator plants to grow
2) Trimming trees and evergreens on the garden's perimeter to make the garden more visible
3) Cutting a pathway in the grass leading to the beehives
4) Designing/constructing an arbor to give the garden a presence
5) Planting native shrubs in various locations
6) Seating to be placed for enjoyment

These were all accomplished as well as others such as:

Seed Bombs: were thrown in our naturalized setting in the hope that some of these "pollinator" plants would grow for the bees to feed on in the future.

Perennials: donations of seeds, bulbs, vines, perennials and shrubs were made by Thomas A. Stewart as well as many individuals which were planted throughout the garden.

Flowerbeds: were dug around the arbor as well as close to the beehive cage and at the parking lot west end.

Dedication: a tree was planted and dedicated by a church member to provide shade, beauty and berries for birds and bees. Two garden benches were placed under the trees for peace and enjoyment.

The members of the garden committee have had great fun dreaming, planning, planting and the togetherness of "throwing our seed bombs".

Thank you to all who have donated their expertise, their beloved plants, manual labour and offered encouragement. I am sure we will continue to work on our "ongoing" project for many years to come and would welcome anyone to join us for a session of good exercise and fresh air!!

We hope that everyone finds a bit of enjoyment, pleasure and peace in OUR sanctuary garden at Greenwood.

"To nurture a garden is to feed not just on the body, but the soul"

……. Alfred Austin

From the Greenwood Church Choir

The Greenwood Church Choir had a very busy year in 2018. Not only did we experience a variety of new music, but we presented an Easter cantata with Brian Nichols as commentator and a Christmas cantata with both Brian Nichols and Mary Gordon as commentators. We invited guests from other churches to participate and were pleased with the response. We were also pleased to have the Jubilations, a small group of women who are under the direction of Arlene Grey, sing for us in June.

Barbara Johnson's group, Fresh Expressions, who normally practise at the church on Tuesday evenings, gave a rousing concert at Christmastime. It was well-received by everyone who attended. We look forward to further concerts by Barb and her group.

This has been my first year as choirmaster, and I must say that I thoroughly enjoy the warm reception and feeling that I get every Sunday. The choir is simply amazing, and the congregation, along with Allan, is warm and welcoming. What a pleasure it is to be able to do what one enjoys.

Respectfully submitted,

Marion Griffin

SHINING WATERS PRESBYTERY REPORT

2018 has been a time of dramatic change for the whole United Church of Canada, for the Bay of Quinte Conference, and for Shining Waters (formerly Peterborough) Presbytery but thankfully our Greenwood congregation continues to thrive. In 1925 the structure was based on that of both the Methodist and the Presbyterian Churches of Canada and it ended December 31, 2018. The new structure is to be more like that of the Congregational denomination . The General Council will continue as before with Regions, cluster groups and local congregations. The geography of our own Region 11 is very like the former Conference area and it is unlikely to affect us dramatically, but some regions are now whole provinces.

At our last Presbytery meeting in November the Rev. Nancy Wilson proposed that we continue to meet four times a year as a cluster group. Our congregation has come to look forward to our annual service at Lang Pioneer Village and the potluck fellowship which follows. We trust this service will continue and perhaps even more congregations will join services both within our denomination and ecumenically.

Last February Presbytery met at Emmanuel United Church in Peterborough. Besides the usual reports and business, we welcomed the Rev. Dr. Aruna Alexander who spoke of Racial Justice. Dr. Aruna is from India and has personally experienced unfortunate racial incidents. We left with hope for a more inclusive church and country. At our June meeting in Bancroft there was an attempt to prepare us for the change. where we talked of our regrets, of our areas of our thanksgiving and of our hopes for the future church. The worship leaders used these three components in our Pastoral Prayers at our final worship in November.

Our own Kathleen Whyte has organized the Clergy Retreat for the past two years. This year's was held prior to the November meeting and provided an opportunity to plan an impressive and memorable closing service. You may remember that Mary Hinan-Grose and I brought a candle from that service to our next service at Greenwood. There were

45 candles that represented each congregation in Shining Waters Presbytery whom we hope will continue to be active and vibrant in Region 11.

We need to continue to support the outreach done locally, nationally and internationally. Many thanks to everyone who generously supports the Mission and Service Fund as well as our local congregation. Please continue that support and let us continue to uphold our whole church in our prayers. As we go into the unknown future we believe that God is with us. Thanks be to God.

Respectfully submitted, *Dawn Cox*

PRAYER CHAIN

Although there was no Prayer Chain report last year, we do keep praying. We've meet a few time during the past year and we thank Carol Hopkinson for updating our lists. Prayer is powerful and many of us have much appreciated being the recipient of those prayers. Names and situations are kept confidential. You are welcome to join our group because the more prayers, the better. If you would appreciate special prayers you could contact any of us:
Lois Beavis, Pat Lounsbury, Ruth Benson, Carol Hopkinson, Muriel Nicholls, Kathleen Whyte, Dawn Cox or Rev. Allan

Bedford House
inspiring faith-based social action

REPORT TO THE CONGREGATION
February 2019
Annual General Meeting

With growing success and optimism, Bedford House has entered a long-term strategic planning process to ensure our sustainability. The first step was a consultation and focus group with community partners to come up with a vision statement and some solid objectives:

Bedford House will be a community catalyst for social and spiritual responses to our changing times.

We then spent two full days in December figuring out how we'll get to this ambitious vision in the next five years. The result is captured in the attached "Strategic Sustainability Outlook".

This process followed hard on the heels of completing the pilot Bridging Team, and evaluating our experience. The Pilot Summary Report is available on our website, but you can also request hard copies. Essentially, we have reported a success in achieving the desired outcomes of the pilot. These Bridging Teams show promise in overcoming the barriers between economic classes, and improving the stability of individuals, families, and the community.

We learned some hard lessons too, and have adapted our plans to reflect this learning. The next Bridging Team starts this coming week at The Mount; we will be putting our new skills to work with this team. One of our "poverty experts" will co-lead the group with us, using the skills learned as part of our Internship program.

We remain deeply grateful to the people of Greenwood United Church, our partners in this exciting outreach project. As you will note in this year's Financial Statement, Bedford House received nearly $60,000 in grant income through Greenwood in 2018, to keep our programs running. Your representatives on the Bedford House Project Management Team are Bonnie Jull and Ruth Benson; both have been enthusiastic participants in our Board meetings and the recent strategic planning. We thank you, and look forward with eagerness to the coming year in partnership.

Mary Gordon, chair,
Bedford House Community Ministry

NOMINATING COMMITTEE REPORT FOR 2018

Our thanks and appreciation are extended to Peggy Gilbert, Carol Hopkinson, Joan Moriarity, Ken Minion, and Paulette Nichols, who have each completed a three year commitment as a Session leader, Steward, Nominating Committee or M &P member and to Barb Johnston who stepped in to fill a one year vacancy on Stewards. Special thanks to Mary Hinan-Grose who has served for many years as Official Board chair and Usher co-ordinator and who is stepping down this year. Finally, thank you to all who answer the call and who continue to serve Greenwood and the greater church family so faithfully.

Peggy Gilbert, Susan Bunting, and Anne Wilson
